As an established education provider, we are fully committed to our service policy and mission - to provide quality language courses, as well as to promote international understanding and cross-cultural communications.

We are committed to providing excellent student care.

Our professional counsellors are there to help students living and studying in Singapore.

We can provide advice and assistance in accommodation, student visa application and post-graduation opportunities etc.

Our teachers are experienced and helpful. They are always ready to provide high-quality language programmes to help students achieve their language dreams.

Our school prides itself on its cosy and caring environment, where students will feel “at home” and our class sizes are small enough to ensure each student can learn effectively.

Teacher- student ratio can be at 1:6 (SPRINT), 1:8 (ACTIVE) and maximum 1:16 (INTENSIVE) for the different courses offered at our language centre.

You can now enjoy our new facilities at Singapore Shopping Centre (level 6). The classrooms are well-equipped and comfortable, and there are internet and email facilities to allow students to stay in touch with their families and loved ones while they are studying abroad.

We look forward to every new student joining our school and trust that their study experience with us in Singapore will be a truly memorable one.

Thank you.

Yours faithfully

A student must have at least attained **80%** of classroom attendance in order to be entitled to the end of course certificate (Certificate of Attendance). It is thus important that the student must adhere to this ruling since the implication of this is the loss of the student pass status. Our Academy/Centre/School takes a serious view of a student's non-attendance. In all cases, a student must have a valid reason for not attending class and must produce documentary evidence (e.g. medical certificate from a registered practitioner, exam attendance, etc.) to account for the absence.

A student who did not attend for three consecutive days of classroom lessons without valid reasons may be treated as having withdrawn from the course. This will have an adverse impact on the student pass since we will notify the ICA of the student's study status that may lead to the cancellation of the student pass.

STANDARD STUDENT CONTRACT

All prospective local and international students are required to enter into the Standard Student Contract on confirmation of their course admission.
